Hello [REDACTED]

Thank you for letting me know about the situation. I fully understand there is a crisis and we are working to secure housing for those in need. In the meantime, we do need to remain vigilant. If you see something, say something. For that reason, I will be bringing in my area caseworker that can assist you on a local level. Samantha Moreno works out of the Pacoima district office and will be able to guide and address your concerns.

** Samantha, please connect Mr. Marquez to the appropriate people.
Thank you,

Hello Ms. Martinez, Can you let me know who is dealing with the homeless encampments under the freeway overpass on patxon street and Herick in Pacoima? The 118 freeway overpass. We've encountered on video one of the female homeless persons living there going into driveway's of homeowners and peeking into their vehicles windows and checking if they are locked.. What are you doing about this? *This is becoming very concerning and very alarming for the community and the children who live in that immediate area.

Thank you,
